Our source of strength & Inspiration

Senior congressman of region Narendra B Darade is in the service of the rural & farmers society since last 30 years. To bring about social awakening & upliftment of rural society restarted Santosh Janseva Trust. He Was awarded by "Late. Indira Gandhi National Sadbhavana" award at Hyderabad in the year 2003-04, "Rashtriya Ekatmata" award at Bangalore in the year 2004-05 & "Hind Ratna" award at Landon in the year 2007-08. Realising the technical & professional need of the region he pioneered Jagdamba Education Society in the year 1991 which started a hosts of institutions from pre primary to technical science, health science, teacher training, agri-culture etc.

Hon. Shri. Narendra B. Darade

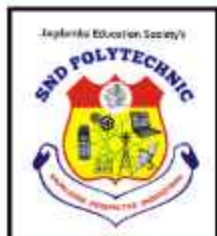

(President, Jagdamba Education Society)

Inspired by elder brother Narendrabhau Hon. Shree Kishor B Darade pioneered a Matoshri Education Society in 2007 for serving society providing a quality education in rural areas. Matoshri Education Society is symbolizing the ascendance of plateau of achievement of academic excellence in dissemination of quality education from pre primary to post graduate courses. Hon. Shree Kishor B Darade, a recipient of Maharashtra Kesari & an Youth Icon lead by example is involved in the process of emphasizing the importance of physical education & health. Hon. Sau. Surekhatai Darade headed Mahila Bal Samittee of Zilla Parishad, Nasik

Hon. Shri. Kishor B. Darade

About College

Santosh N Darade Polytechnic, Babhulgaon (Yeola) was established in the year 2002 at a small town known as Babhulgaon near Yeola is engaged in serving the society by imparting quality technical education. The institute develops state-of-the-art laboratories for conducting the courses Civil, Computer, Electrical, Mechanical Engineering and Fire Service Engineering. The institute is located at Babhulgaon village on Yeola-Patoda road at about 3 KM from Yeola city.

Vision of Institute

To create and maintain learning environment to produce technocrat who will serve the industry and society with their knowledge and skill.

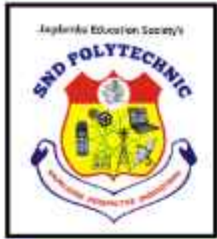

Mission of Institute

M1 : To impart technical knowledge to satisfy industry and society need.

M2 : To inculcate habit of life long learning to cope-up with changing technology.

M3 : To empower diploma engineers for social progress with ethical values.

“Don't let what you cannot do interfere with what you can do”

Department of Civil Engineering

Civil Engineering Department of Santosh N Darade Polytechnic came into existence in 2012. The department has been evolved as centre of excellence in offering impeccable, market savvy graduates to emerge as total solution providers. This is made possible by proactive, techno savvy and committed department leadership. In addition to class room teaching learning processes students are guided and encouraged to be familiar with emerging technology subjecting them to continuous value addition. Apart from the excellent technical staff with Master degrees in various fields and our excellent infrastructure, the main reason for The Department is known for the Expertise and State-of-the-art facilities especially in CAD-CAM, Computational Fluid Dynamics (CFD), Manufacturing and Production Technology, Energy Conversion, I. C. Engines, Mechatronics and also in other core areas. Experimental and computational facilities are being continuously upgraded. Industry interaction has been increased with industrial visits and arra

Vision

To create and maintain learning environment to produce diploma civil technocrat who will serve the industry and society with their knowledge and skill.

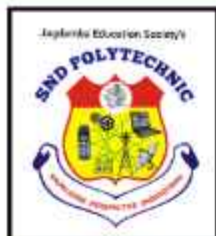

Mission

M1 : To impart civil engineering knowledge to satisfy industry and society need.

M2 : To create habit of civil engineer for lifelong learning to cope-up with change in technology.

M3 : To empower civil engineers for social progress with ethical values.

“A person who never made a mistake never tried anything new.”

Department of Computer Engineering

A Computer professional who desires to create a niche in the IT sector cannot solely rely only on his coding instincts. He needs to have strong system operational skills to be proficient in Software design, modelling, testing, networking and troubleshooting as well. This calls for strong designing, computing and networking facilities with ideal configurations where a student can explore and learn. Our department is dedicated to improve and make the students skillful and perfect to run the organizations properly. The department has team of young and enthusiastic teachers with state-of-the-art laboratories. Professor Shaikh S F. is guiding the department as a head.

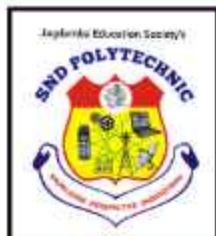

Vision

To create and maintain learning environment to produce diploma computer technocrat who will serve the industry and society with their knowledge and skill.

Mission

- M1** :To impart computer engineering knowledge to satisfy industry and society need.
- M2** :To inculcate habit of computer engineer for life long learning to cope-up with changing technology.
- M3** :To empower computer engineers for social progress with ethical values.

"The biggest adventure you can ever take is to live the life of your dreams."

Electrical Engineering

The department was established in the year 2002 with an intake capacity of 120 students. This department is having experienced staff members headed by Prof. Chavan G P. This department is striving hard to achieve the goal of creating dynamic learning environment to enable the overall growth of students in areas of Electrical Engineering field and personality development as well. The department has well established laboratories namely Machine lab, Basic Lab, Power System Lab and EMN Lab. Many students has participated at state level competitions and secured prizes. Basic information of Electrical branch Electrical engineering is one of the core fields of engineering, so it is always evergreen in terms of Scope and Job Prospects. Electrical Engineering is the heart of whole engineering discipline and therefore it scope will never fade even many years from now. Electricity has become the basic need for survival, globally. From household to industrial plants, communication and satellite navigation system, electronic equipment, computers etc., all require electricity. Electrical engineering thus deals with study and application of electrical systems for use in these different environments. It equips you with the knowledge of transmission and generation of electrical power, electrical circuit design, electronics, instrumentation, control system, understanding electrical and electronic networks etc. The course also covers the study of electronic devices and circuits involved in measurement, instrumentation, control and protection of electrical equipment's and conversion systems. Concept of computer and recent applications of computer based systems in design, analysis and efficient operation of power system, maintaining quality and security, also included in the course.

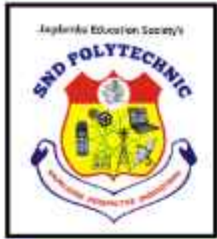

Vision

To create and maintain learning environment to produce diploma Electrical technocrat who will serve the industry and society with their knowledge and skill.

Mission

- M1** :To impart Electrical engineering knowledge to satisfy industry and society need.
- M2** :To inculcate habit of Electrical engineer for life long learning to cope-up with changing technology.
- M3** : To empower Electrical engineers for social progress with ethical values.

"Believe you can and you're halfway there."

Mechanical Engineering

Mechanical Engineering department of Santosh N Darade Polytechnic came into existence in 2002. The department has been evolved as centre of excellence in offering impeccable, market savvy graduates to emerge as total solution providers. This is made possible by proactive, techno savvy and committed department leadership. In addition to class room teaching learning processes students are guided and encouraged to be familiar with emerging technology subjecting them to continuous value addition. Apart from the excellent technical staff with Master degrees in various fields and our excellent infrastructure, the main reason for the excellent performance of our students is the extensive mathematical treatment of the subjects and the enormous rigor involved in teaching, learning and evaluation procedures. With frequent industrial visits our students are given fair opportunities to make up their mind for future career options, Students are also given exposure to cutting edge technologies through organizations such as ISTE, ISHRAE, MESA. This is a great opportunity to everybody to join with it and let your carrier to move a broad path to success. Education is manifestation of perfection in man is defined by Swami Vivekananda. This department has very young, dynamic, perfect qualified and charismatic staff to motivate our students & also to impart good education. The Department is known for the Expertise and State-of-the-art facilities especially in CAD-CAM, Manufacturing and Production Technology, Energy Conversion, I. C. Engines, and also in other core areas. Experimental and computational facilities are being continuously upgraded. Industry interaction has been increased with industrial visits and arranging expert lectures by industry personnel and carrying out the industry sponsored projects for students. The students actively involve in various reputed contests of state, national and international repute and technical competitions in various colleges and also credited number of Winner titles to the department. We have various students chapters like ISTE, ISHRAE Student's chapters guided by faculty mentors for the overall development of the students. Department takes efforts to make competent mechanical engineer for industry, higher education and able to develop as entrepreneur.

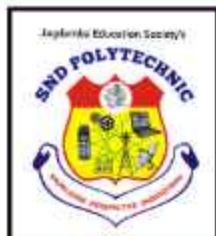

Vision

To create and maintain learning environment to produce diploma mechanical technocrat who will serve the industry & society with their knowledge and skill.

Mission

- M1** :To Impart mechanical engineering knowledge to satisfy industry & society need
- M2** :To inculcate habit to mechanical engineer for lifelong learning to cope up with changing technology.
- M3** :To empower mechanical engineers for social progress with ethical values.

“Do the best you can until you know better. Then when you know better, do better.”

Fire Service Engineering

Diploma in Fire Service Engineering equips students with essential skills in fire prevention, safety management, and emergency response. Covering topics like fire dynamics, firefighting techniques, risk assessment, and fire protection systems, the program blends theoretical knowledge with practical training. Graduates are prepared for roles in fire services, safety engineering, and emergency management, contributing to the protection of lives and property through advanced fire safety practices.

The Department of Fire Service Engineering focuses on advancing knowledge and skills in fire safety, prevention, and emergency response. It offers a robust curriculum combining theoretical frameworks and hands-on training in areas such as fire dynamics, risk assessment, firefighting technologies, and disaster management. The department is committed to producing competent professionals who can address modern fire safety challenges, ensuring the protection of lives, property, and the environment through innovative engineering solutions.

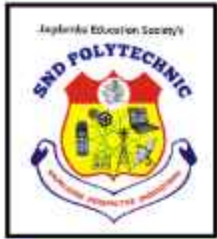

Vision

To create and maintain learning environment to produce diploma Fire Service technocrat who will serve the industry and society with their knowledge and skill.

Mission

- M1** :: To impart Fire Service Engineering knowledge to satisfy industry and society need.
- M2** :: To inculcate habit to Fire Service Engineer for life long learning to cope-up with changing technology.
- M3** :To empower Fire Service diploma engineers for social progress with ethical values.

Principal Desk

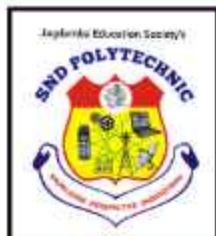

Prof. Uttam B. Jadhav (Principal)
[M. Tech. Computer Science Engineering]

Dear Friends We welcome you to SND Polytechnic, to an intensified time of informed quest. We believe that the path to success lies in accepting challenge as opportunities for growth. Our institution inculcates the journey of hard work and diligence among its students enabling them to overcome obstacles in the journey of their future lives with dignity and poise. The essential quality developed in an engineering diploma at SND Polytechnic is to possess the ability for effective problem-solving. Also, the softer but crucial aspects of engineering are "character" or "attitude" building. Development mind-set for holistic, systemic thinking and recognizing skills for administration; all these in addition to the conventional inputs towards development of analytic, rational skills. I am also proud of the great team we have in the institute. In the short span time SND Polytechnic has strived not only to give the best engineering education to our students under some of the most erudite and well-respected faculty, but also to integrate their knowledge in excellently equipped laboratories, through individual project, and by sending them out for interactive field work in industries during their higher semesters. The academic professionalism the members of faculty demonstrate is remarkable. I sincerely look forward to the day we meet.

Prof. Uttam B. Jadhav
(Principal, S.N.D. Polytechnic)

"Stay afraid, but do it anyway. What's important is the action. You don't have to wait to be confident. Just do it and eventually the confidence will follow."
