## Professional Summary

---

Full Stack Web Developer with hands-on experience in building responsive and user-focused web applications. Proficient in **React.js**, **JavaScript**, **HTML**, **CSS**, **Tailwind CSS** for frontend development and **Node.js**, **Next.js** for backend systems. Experienced in designing RESTful APIs, integrating third-party services, and optimizing database queries. Strong team collaborator, committed to delivering high-quality solutions with clean code and agile practices.

## Work Experience

---

**Full Stack Developer, Paarsh Infotech Pvt. Ltd.**

May 2024 - July 2025

- Developed and maintained scalable web applications using React.js and Node.js, improving user engagement by 30%.
- Designed and implemented RESTful APIs, enabling seamless data flow across frontend and backend.
- Optimized database queries, reducing load times and improving performance by 20%.
- Collaborated in Agile sprints with cross-functional teams to deliver high-quality releases on schedule.

**Intern, Sunandainfotech Pvt. Ltd.**

Jun 2023 - Jul 2023

- Built and tested an autonomous robot for pesticide application, enhancing agricultural efficiency by 25%.
- Developed user-friendly control interfaces for remote monitoring and navigation.
- Conducted performance validation to ensure precision and operational reliability.

## Education

---

**Bachelor of Engineering in Information Technology**

Jun 2024

S. N. D. College of Engineering & Research Center

CGPA: 8.18

**Diploma in Computer Technology**

Jul 2021

Sanjivani K.B.P. Polytechnic

Percentage: 86%

## Projects

---

**Hospital Management System (HMS Pro)**

- Designed a comprehensive hospital management platform to streamline patient, doctor, appointment, and billing workflows.
- Implemented modules for patient registration, medical history tracking, pharmacy management, and invoice generation.
- Integrated data security measures, backup, and recovery systems for reliable operations.
- *Tech: React.js, Next.js, MySQL, Tailwind CSS*

**Dwarka Nursery**

- Built an end-to-end inventory and billing management solution for a nursery business.
- Developed modules for stock tracking, automated invoice generation, and sales/purchase records.

- Added reporting and filtering features for real-time stock visibility.
- *Tech: React.js, Next.js, MySQL, Tailwind CSS*

### AI Resume Builder

- Created an AI-powered resume builder to generate ATS-friendly resumes based on user inputs.
- Automated formatting, keyword optimization, and export options (PDF, DOCX).
- Designed a modern frontend UI with customizable templates.
- *Tech: React.js, Node.js, OpenAI API, Tailwind CSS*

### College Information Portal

- Developed a portal featuring categorized college listings (Medical, Management, Engineering, Arts, etc.).
- Implemented admission process details, search, and filter functionality.
- Built an admin panel for managing college data and admissions updates.
- *Tech: React.js, Next.js, MySQL, Tailwind CSS*

### Drop Me - Ride Sharing Platform

- Designed and developed a ride-sharing system with user authentication and real-time ride booking.
- Integrated map APIs for live location tracking and a secure payment gateway.
- Ensured scalability and reliability using microservices and cloud deployment.
- *Tech: React.js, Node.js, Express, MongoDB, Map APIs*

## Technical Skills

---

**Frontend:** HTML, CSS, JavaScript, React.js, Tailwind CSS  
**Backend:** Node.js, Next.js  
**Database:** SQL, MySQL

## Achievements & Activities

---

<b>Patent Filed: Uniform Detection System Using CNN</b>	Jan 2022
Filed patent contributing to advancements in computer vision.	
<b>System Operator, Bhosle Dental Hospital</b>	Apr 2018 - Aug 2018
Managed and maintained hospital computer systems and implemented backup/recovery protocols.	
<b>Social Welfare and Development</b>	Oct 2022
Organized initiatives engaging volunteers in community support activities.	
<b>ACTS (Association of Computer Technology Students)</b>	2018
Founded workshops to strengthen peers' technical knowledge.	

## Additional

---

**Languages:** English (Fluent), Hindi (Fluent), Marathi (Native), Japanese (Learning)
